*	Estimated Existing space need was erroneously calculated in the 2007 analysis and this number reflects						
	the existing requirement at the time. Also in the 2007 Ad Hoc Report the 25 year need of 5487…was a						
	typo and should be 5437						
**	Includes Common Space…**all** common space is incorporated into the						
	Town Office (1st Floor) and the Library (2nd Floor)						
***	Functional Space need only…does not include common space
