Subject: July 13, 2009 Meeting Agenda
Date: Fri, 10 Jul 2009 08:08:11 -0400

There will be a meeting of the Transfer Station and Recycling Committee Monday, July 13th. at 7:00 pm at the Town Office agenda items include:

1. Compliance consultant coordinator- Lynn Gilley Orne-information.

After some discussion the committee decided it would like to have Lynne Gilley Orne provide the same services for the Transfer Station that she provides for the fire department.

This would include the annual consultant/coordinating package of \$1200 annually, and the complete manual for \$400.

Greg Keene motioned to accept, George Macdonald seconded, 6-0 in favor.

One item that came up in discussion was the town's responsibility for the training of an employee of Allies inc. while working on site. The committee suggested we look into this.

2. Review of the minutes for the June 8th. meeting.

Bill Nason motioned to accept the minutes, Greg seconded 6-0 in favor.

3. June 2009 monthly report.

Jack Sutton recommended adding year to date totals for the fees in table 1.

George Macdonald agreed to put the table together.

4. Loading dock retaining wall-possible repair options.

The committee recommended having Kevin Hawes look at the retaining wall.

A scheduled shipment was cancelled temporarily until the safety of the dock could be checked out.

5. Fertilizing and mowing of the closed landfill.

Due to weather conditions the committee feels it has been too wet to do any mowing yet.

The committee suggested contacting Ray Hammond to see if he would be interested in mowing again this year, maybe sometime in August.

George said he would check into the proper fertilizer.

6. Update on furnace work in the new building.

Bruce Galouch said C.B. Davis would be in to measure for the duct work and resurfacing the sorting table with metal next week.

Bruce said he would check with Dirigo about a pump to transfer the waste oil from barrels to the tank.

7. Other.

The bottle collection box of cheer hawaii being turned over to M.H S. class of 2010 was discussed. Greg motioned to accept Jack seconded 6-0 in favor. This will take place around July 22nd. Brenda Stevens will see that they are picked up regularly.

The Allies inc. employee work evaluation was discussed.

Buying and surveying the land adjacent to the T.S. was discussed, purchasing new storage trailers to go there.

#3-7 plastics and #6 polystyrene were discussed, the marketing possibilities.

The committee will revisit the rules for bottle return boxes on site at the next meeting August 10th.

Jack mentioned the budget committee meeting on August 5th. 7:00 pm at the CFAS.

Msw and perc was discussed.

Wood chipping was discussed in relation to how we are doing in terms of space for the piles until chipping is completed.

Replacing thr loading gate on the middle green baler was discussed, it is bent out of shape.

Possibly composting food scrapes on site was discussed.
